Symphony Orchestra

Welcome to **JUMP, JAM, JIGGLE!**

You have been chosen to be an Astronaut on **WORLD SEEKER I**, a space ship that will travel through our Solar System and into the far reaches of the Galaxy to find a new planet for us to call home.

Together, we will explore what sounds a space ship might make, what kinds of space junk might be floating or orbiting around our Earth, how we might move and walk in space and what beautiful planet might await us at the end of our journey.

We will listen to the amazing sounds of the **WASO COUNCIL OF EARTH** as they play parts of Holst's *The Planets*.

You will have the chance to create your own vocal sound effects and movements, to make up music in the moment – otherwise known as improvising – using our voices and body percussion and to move and groove to the music, to simply listen and chill out and to help write some lyrics.

I would love for you to join in with the group activities (including grown-up children!), however it is also perfectly fine to sit back and listen at times, and watch the drama and the music unfold.

See you soon!

WHAT IS IMPORTANT FOR ME TO KNOW BEFORE I COME ON BOARD **WORLD SEEKER I**

Can we dress up in a costume to come along?

Yes! We love it when we have an audience filled with astronauts, aliens, rockets, planets or anything space related!

Do we need to bring anything?

We don't need you to bring anything special – but hope you come along ready to have some fun!

If you want to bring something, please make sure you have someone to look after it for you, and that it is safe for all of us in the room.

Can I take photos or video? Can we sound record the performance?

We'll be very busy during the show so you might not have time – and it gets a little bumpy up in space! You are however welcome to take photos of your own children (please be mindful of others in your photos, particularly if posting to social media), but ask that you don't use a flash.

We also ask that you don't video or sound record any part of the performances.

Will it be noisy? Will there be any flashing lights?

Yes – at times it will be quite loud. You are welcome to bring ear coverings/plugs. There won't be any flashing lights. If you have any specific questions, please just give WASO a call on 9326 0022.

When I meet the musicians, can I play their instruments?

Some of the instruments are fine for you to play and we will have wipes and hand sanitiser that the musicians will give you to use (this helps to protect the instruments as much as the people!) Some of our instruments will be played by the musicians, but you will be able to press the keys or move the slide while they blow into them to create the sound.

Commander Kate and the **WASO COUNCIL OF EARTH** love it when ...

- ♪ You listen to the story and to our music!
- ♪ You use your imagination!
- ♪ You share your ideas when it's time to make decisions about our journey!
- ♪ Are thoughtful and considerate of other people who are around you and allow them to enjoy our performance as well.
- ♪ You are quiet when we are giving instructions or playing very softly!
- ♪ You don't shout too loudly when we ask you to join in!
- ♪ Are very gentle with our instruments – they are very special!

(And – we'd really love a big round of applause at the end please!)
